**Dear Sir/Madam**

As a UX/UI designer with 11 years of experience, I am writing to express my interest in the Senior UX/UI Designer at your company. My experience aligns well, as I have worked as a UX/UI for 4 years and as a web/graphic designer for 7 years before I focused my speciality in UX/UI, I know I would make a valuable addition to your team.

After working for almost a decade as a Web/UX/UI designer, I have advanced knowledge in general design, UX research, prototype, coding a web content, submitting deliverables on time in a quality and working with people with different background. Moreover, I have a great adoptability and attitude to keep learning a new thing. I excel at:

- understand the project needs = customer needs
- great sense of managing timelines and deadlines
- learning new things quickly as it is required

In addition to my experiences, I have a solid educational foundation. and a passion for furthering project that build loyalty and, in turn, grow revenue for your organisation. I would much appreciate the opportunity to contribute to your ongoing growth and continued success.

Please review my resume for additional details regarding to my expertise and achievements. Do not hesitate to reach out if you have any questions or need further clarification on my experience. References are available upon request. I would love to meet with you and discuss this position in detail.

Thank you for your consideration.

Sincerely,

**Kai Kamegaya**
